## TRAININGS

### **Delta Web Development Course**

Apna College, Online

Aug 2023 - Present

The Delta Web Development Course is a comprehensive online program designed to equip you with the skills and knowledge needed to become proficient in web development. Covering a wide range of topics including HTML, CSS, JavaScript, and more.

## PROJECTS

### **Spotify-clone**

Feb 2024 - Mar 2024

<https://github.com/preshi-zankat/Spotify-clone>

This project is a clone of the Spotify user interface, meticulously recreated using HTML and CSS. It aims to mimic the look and feel of the popular music streaming service, providing a similar visual experience and layouts

### **Photography**

Jan 2024 - Jan 2024

<https://github.com/preshi-zankat/Photography>

This project is a simple yet elegant photography webpage designed using HTML and CSS. It showcases a collection of photographs in a visually appealing and user-friendly manner, making it easy for visitors to navigate through the images. The webpage emphasizes clean design and responsiveness to ensure an optimal viewing experience across different devices.

### **Wanderlust**

Jan 2024 - Present

<https://github.com/preshi-zankat/WanderLust>

This project is an Airbnb-type web application designed to facilitate property rentals. Built using Bootstrap, EJS, Node.js, and Express.js, the application provides a comprehensive platform for users to list, search, and book rental properties. The focus is on delivering a seamless and intuitive user experience, leveraging modern web technologies to ensure functionality and responsiveness
